Lagos, Nigeria.

#### New Horizon

<https://www.newhorizonsnigeria.com.ng/>

04/2017

Java Programming  
Lagos, Nigeria

### SUMMARY

It's been an experience for me so far and I have loved every second of it, from the frustration of missing a comma to the stupendous feeling of creating something real from thin air, being a developer always offers an engaging challenge to continually learn and improve my skills, a simple "Hello World" has become a consuming passion that only gets more exciting.

Below you'll find projects that showcase my skills and general background in developing Fullstack Applications.

### EXPERIENCE

#### Ovidot art gallery

[https://github.com/ovidot/flask\\_gallery\\_app](https://github.com/ovidot/flask_gallery_app)

Fullstack web application - 03/2023

an Online Art store where you can explore a diverse collection of beautiful artworks from talented artists around the world. Browse through a carefully curated selection of paintings, sculptures, photography, and more, all available for demo purchase with integrated Paystack API. With user-friendly interface and detailed descriptions, you can easily discover and learn about each piece before making your selection.
